Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific **Minnesota Rule** chapter numbers. Every odd-numbered year the **Minnesota Rules** are published. The current 1999 set is a 13-volume bound collection of all adopted rules in effect at the time. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules and withdrawn proposed rules are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety in the *State Register*, only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted. For a more detailed description of the rulemaking process, see the most current edition of the *Minnesota Guidebook to State Agency Services*.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive; issue #26 cumulative for issues #1-26; issues #27-38 inclusive; issue #39, cumulative for issues #1-39; issues #40-51 inclusive; and issues #1-52 (or 53 in some years), cumulative for issues #1-52 (or 53). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the *State Register*, contact Minnesota's Bookstore, 117 University Avenue, St. Paul, MN 55155 (612) 297-3000, or toll-free 1-800-657-3757.

Notice of Draft Substantial Amendment to Consolidated Plan and Public Hearing

The State of Minnesota announces the publication of substantial amendments to the State's 2002 Consolidated Plan for public review and comment beginning June 3, 2002.

The State submits the Consolidated Plan to the U.S. Department of Housing and Urban Development in order to receive federal housing and community development funding through the Community Development Block Grant (CDBG), HOME Investment Partnerships, Emergency Shelter Grant (ESG), and Housing Opportunities for People with AIDS (HOPWA) programs. The Consolidated Plan examines the housing and community development needs of the state, sets priorities for allocation of the HUD funds, and establishes an action plan for meeting current and future needs.

HUD has approved the 2002 Consolidated Plan, but the State is proposing substantial amendments to the Plan expanding the areas in which HOPWA funds may be used to ensure that they are expended within the time required by federal regulations.

The State of Minnesota encourages public comments on the substantial amendments to the Consolidated Plan. A draft copy of the amendments will be available for public comment between June 3, 2002 and July 5, 2002. Copies of the Consolidated Plan and the substantial amendments are available on the Internet at www.mhfa.state.mn.us and in State depositories. Hard copies can be requested by calling Julie Lindell, Minnesota Housing Finance Agency, at 1-800-657-3769, or (651) 296-2291.

Submit written comments by mail or fax to:

Minnesota Pollution Control Agency

Policy and Planning Division

REQUEST FOR COMMENTS on Possible Rule Amendments Governing Air Quality Performance Standards, Air Emissions Permits, Emission Inventory and Miscellaneous Definitions and Incorporations by Reference to be Codified in *Minnesota Rules* Chapters 7001, 7005, 7007, 7009, 7011 7017 and 7019

Subject of Rule: The Minnesota Pollution Control Agency (MPCA) requests comments on its possible rule revisions affecting the MPCA's air quality rules, to be codified in *Minnesota Rules* chs. 7001, 7005, 7007, 7009, 7011, 7017 and 7019. This rulemaking is the third in a series of air quality "omnibus" rules and is intended to make minor changes to existing rules, bring rules up to date, correct errors and clarify rules where needed. The omnibus rule is also a means of incorporating federal rules by reference and making changes mandated by the U.S. Environmental Protection Agency (EPA), which are minor and non-controversial in scope.

Examples of the kind of changes that are planned include: clarification of calculation procedures for permitting thresholds; updating definition of volatile organic compounds; incorporation of policy requiring minimum of two significant digits for compliance determinations. The MPCA plans to make some clarifications in *Minnesota Rules* 7007.1300 related to insignificant activities which could result in specific items being recodified to the recently proposed *Minnesota Rules* ch. 7008. This rule will also incorporate by reference any National Emission Standards for Hazardous Air Pollutants (NESHAPs) that are not already incorporated, since this is the mechanism by which the MPCA accepts delegation from EPA to enforce NESHAPs. NESHAPs that are already incorporated by reference into state rules will be reviewed and modified if necessary to better match the MPCA's delegation request as amended in July 2001. The MPCA has also made a commitment to EPA to amend *Minnesota Rules* 7007.0200 to conform to a federal rule change that amended the definition of "major source." Since this change is already in effect at the federal level and since states are required to amend their rules by November 2002, the change to the state rule can be viewed as a clarification.

The informal name given to this rulemaking is the "Omnibus III" rulemaking, as it is the third rule effort in a series of rulemakings that are part of an ongoing effort to maintain and improve the MPCA's existing air quality rules.

Background: The MPCA has successfully used the Omnibus rulemaking process on two prior occasions to complete house-keeping type changes and to incorporate non-controversial rule amendments suggested by MPCA staff, EPA and outside parties. This rule, Omnibus III, continues this approach and is based on rule suggestions made over the past three years. A summary of changes currently being considered is available by contacting the agency contact person listed below.

Persons Affected: This rulemaking potentially affects any person or facility that applies for an air permit, submits an emission inventory or is required to demonstrate compliance with air quality requirements. However, because each change is minor, and the changes are primarily clarifications, the impact will be minimal. This includes the incorporation of federal rules, since the affected parties are required to comply with the federal rule whether or not it is incorporated into state rule.

Statutory Authority: The MPCA's authority to adopt and implement these rule amendments is found in *Minnesota Statutes* § 116.07, subd. 4. This provision authorizes MPCA to adopt rules "for the prevention, abatement, or control of air pollution." The portion of section 116.07, subdivision 4, relevant to air quality regulation reads as follows:

Subd. 4. Rules and standards. Pursuant and subject to the provisions of chapter 14, and the provisions hereof, the pollution control agency may adopt, amend and rescind rules and standards having the force of law relating to any purpose within the provisions of Laws 1967, chapter 882, for the prevention, abatement, or control of air pollution. Any such rule or standard may be of general application throughout the state, or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, rules or standards may relate to sources or emissions of air contamination or air pollution, to the quality or composition of such emissions, or to the quality of or composition of the ambient air or outdoor atmosphere or to any other matter relevant to the prevention, abatement, or control of air pollution.

Public Comment: Affected and interested persons or groups may submit comments or information on these possible rule amendments in writing or orally until 4:30 p.m. on July 3, 2002. The MPCA does not contemplate appointing an advisory committee to comment on the possible rules.

Rule Drafts: The MPCA is in the process of preparing a draft of the possible rule amendments.

Agency Contact Person: Written comments, questions, requests to receive a draft of the rules when they are prepared, and requests for more information on the rule amendments should be directed to: Stuart Arkley, Minnesota Pollution Control Agency, 520 Lafayette Road, St. Paul, Minnesota, 55155-4194, **phone:** (651) 296-7774, **fax:** (651) 297-8676, and may also be directed by **email:** stuart.arkley@pca.state.mn.us. **TTY** users may call the MPCA at TTY (651) 292-5332 or 1-800-657-3864.

Alternative Format: Upon request, this Request for Comments can be made available in an alternative format, such as large print, Braille, or cassette tape. To make such a request, please contact the agency contact person at the address or telephone number listed above.

NOTE: Comments received in response to this notice may not necessarily be included in the formal rulemaking record when a proceeding to adopt rules is started. The MPCA is required to submit to the administrative law judge reviewing the rules only those written comments received in response to the rules after they are formally proposed for adoption in the *State Register*.

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the *State Register*, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.
